INTRODUCTION

This manual is meant for the users of DHB Business Online.

Business online is an internet banking application special for corporate customers.

Step by step and with clear screen shots, the possibilities and procedures are explained.

If you have questions over this manual, over Business Online product, or having trouble while using this product you can always contact DHB Bank via your account manager or via customer service. The customer service contact details can be found under www.dhbbank.com under "Contact".

SECURITY

DHB Bank will never send you e-mails or call you asking for confidential details of your account / User ID / Password or personal details such as date of birth, mother's maiden name etc. Beware of anyone asking you for such information on behalf of the bank through e-mails or phone calls. Please do not provide your bank account details to emails offering a job or claiming that you have won a lottery or open attachment of mails from unknown email id. While it is our endeavour to provide you with the best of online services and facilities, the Bank is not responsible for any erroneous transactions made by you. The Bank shall also not be responsible for misuse of your account arising from any wrong, inadvertent or other kind of disclosure of such details by you.

WHAT IS DHB BUSINESS ONLINE?

DHB Business online is an internet banking application specific for corporate customers. The main difference between normal internet banking and business online is that there can be multiple users with different profiles.

Most transactions like money transfers, foreign exchange are completed as two steps; initiate and authorize while certain exceptional transactions like are completed in one step.

Depending on the user profiles, the transactions can be completed as per four eyes principle when the user profiles are "Initiator" and "Authorizer" or as per two eyes principle when the user profile is "Single Authorizer".

The related Company account is debited for a transaction when the initiated transaction is authorized.

The initiated transactions can be authorized until next business day evening. When that time frame has passed, the initiated transactions are cancelled automatically.

User Profiles

At DHB Business online the following profiles exist;

View: The user having this profile can view transactions of all accounts of the Company, download statements of all accounts of the Company. However this profile does not allow the user to initiate or authorize any transaction.

Initiator: The user having this profile has the option of initiating transactions within his limits, cancelling his own transactions before the transaction is authorized. The holder of the initiator profile can view all accounts of the Company and download statements of all accounts of the Company.

Authorizer: The user having this profile has the option of initiating, cancelling and authorizing a transaction, can view all accounts of the Company and download statements of all accounts of the Company. The holder of this profile can't authorize his own transactions. If the holder of this profile initiates a transaction then a different user with authorizer profile can authorize a transaction.

Single Authorizer: The user having this profile has the option of initiating, modifying, cancelling and authorizing his own transactions. This profile user can't authorize or cancel other user initiated transactions. This profile user initiated transactions can't be cancelled or authorized by other users. This profile holder can view all accounts of the Company and download statements of all accounts of the Company.

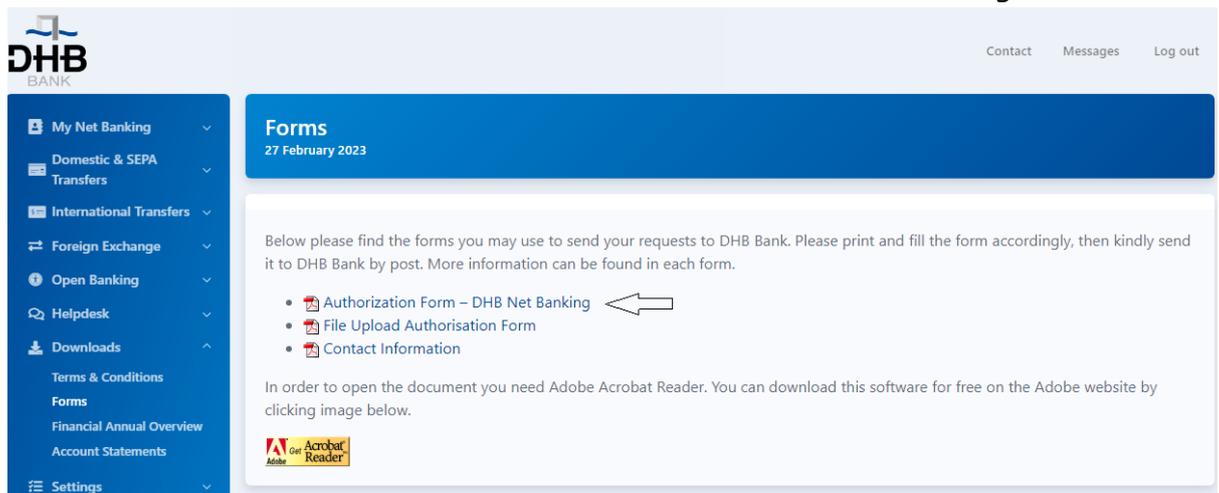

APPLICATION

In order to use Business Online, you need to have a payment account at DHB Bank. If you don't have a payment account and would like to open one, please contact DHB Bank Corporate Marketing Department.

If you are already using DHB Net Banking and would like to apply for Business Online

You can login to DHB Net Banking and afterwards you can download the related authorization form;

- Via Downloads -> Forms -> Authorization Form – DHB Net Banking

If you are not using DHB Net Banking and will apply directly to Business Online

You can contact your account manager at DHB Bank. The Business Online Authorization form together with DHB Net Banking contract will be sent to you.

After your authorization form has been received by DHB Bank, the application process will follow the following further steps;

DHB Net Banking Authorization Form

This form has certain sections. Each section can be used to request new authorizations or modify existing authorizations.

If you request to cancel your Business Online or you request to cancel the access right of only a specific user you can contact your DHB account manager in written.

Section 1 – Company general information

Section 1 - Company general information

Please complete this section with information about your organisation.

Company Name:	Company E-mail Address:
Office Telephone:	Company Fax:
Office Address:	

Contact Information:

Name of primary Contact Person:	Office Telephone/Extension:
E-mail address:	
Name of secondary Contact Person:	Office Telephone/Extension:
E-mail address:	

Within this section, your company general information can be entered.

Section 2 – Bank account information

Section 2 - Bank account information

List the number(s) of your DHB Payment Accounts(s) that will be activated on DHB Net Banking in the boxes below:

Indicate the IBAN(s) for each currency for the account.

	Currency	Daily Limits per transaction type in EUR currency				
		SWIFT Payments	EU/SEPA Payments	Foreign Exchange - Spot*	Transfers within DHB	Transfer between own accounts
1						
2						
3						
4						
5						
6						

*The maximum limit for Foreign Exchange-Spot per transaction is EUR25.000, USD25.000, GBP25.000, TRY100.000 & CHF10.000

The payment accounts that you would like to access via DHB Business Online should be mentioned by indicating the IBAN and the related currency. The daily limit is assigned to each account as per transaction type. Even if the transaction limits of the users are available, when the daily limit of the account for that transaction type is reached it is not possible to complete a transaction under that transaction type.

Daily limit for each transaction type is assigned in EUR currency regardless of the currency of the account.

If another existing account or a new account will be added to DHB Business Online, then this form should be filled in again for the transaction limits of the users and daily limit of the accounts for each transaction type.

Section 3 - User Privileges

Section 3 - User privileges		* Profile ✓				Transaction Limits in EUR currency**				
Name & Surname	E-mail Address of the user	View ***	Initiator	Authorizer	Single Authorizer	SWIFT Payments	EU/SEPA Payments	Foreign Exchange - Spot ****	Transfers within DHB	Transfer between own accounts
1										
2										
3										
4										
5										
6										

* Please see the next page for the description of user profile types.
 ** The maximum transaction limit per transaction type for each user cannot exceed EUR500.000.
 *** If the user will only be assigned for 'View' profile you do not need to mention any transaction amount.
 **** The maximum limit for Foreign Exchange-Spot per transaction is EUR25.000, USD25.000, GBP25.000, TRY100.000 & CHF10.000.

Within this section you can indicate the full name of the user (name and surname), the e-mail address of the user, the profile and the transaction limits for each different transaction type.

Regarding user profiles extra explanation within the form also exists. In this manual you can also refer the details of profiles at part "User Profiles".

Same user name can be mentioned only once in this section, because the same user can have only one profile.

All authorizers (persons with Authorizer or Single Authorizer profile) will be designated on DHB Net Banking in accordance with their mandates of the company as presented to DHB Bank N.V. Non-signatories to the accounts shall not be set-up as authorizers until the board resolution authorizing such person(s) to act in that capacity is submitted to DHB Bank N.V.

Declaration of Agreement

As last section of the DHB Net Banking Authorization form, the declaration of agreement should be signed by legal representative(s) of your company.

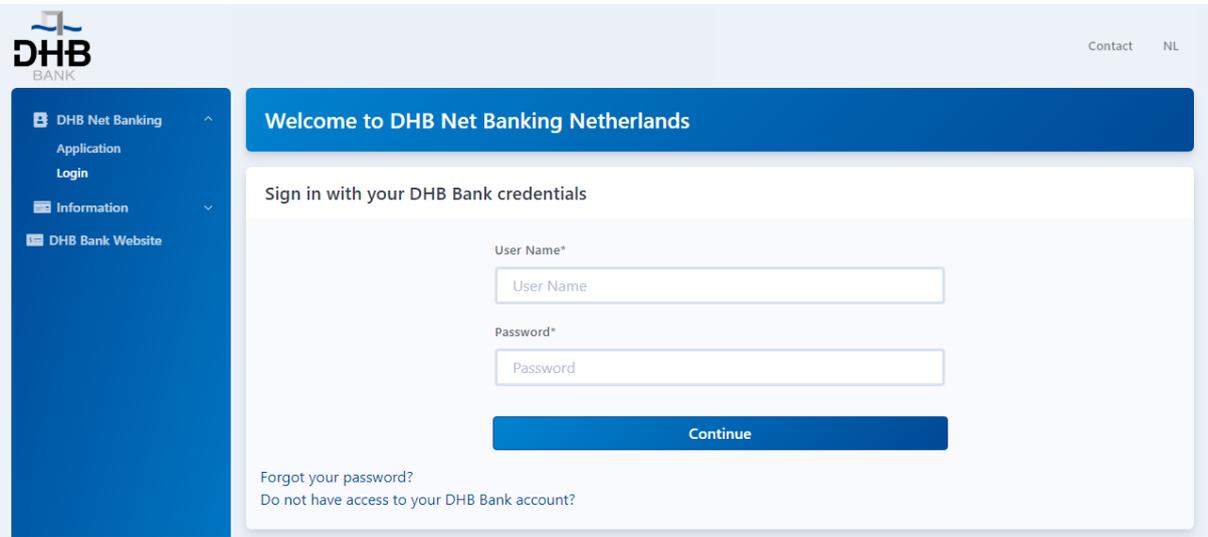

LOGIN

To login to DHB Business Online you can type to your browser www.dhbbank.com and click DHB Net Banking logo.

[DHB Net Banking >](#)

If at first opening language option is Dutch, you can change it to English by clicking EN on very top right corner of the page.

On the Login page you can enter your user name and password and then press "Continue" button.

The screenshot shows the DHB Net Banking Netherlands login page. On the left is a blue navigation menu with the DHB BANK logo at the top. The menu items are: DHB Net Banking (with a dropdown arrow), Application, Login, Information (with a dropdown arrow), and DHB Bank Website. The main content area has a blue header bar that says "Welcome to DHB Net Banking Netherlands". Below this is a white box titled "Sign in with your DHB Bank credentials". Inside this box, there are two input fields: "User Name*" and "Password*", each with a placeholder text. Below the fields is a blue "Continue" button. At the bottom left of the white box, there are two links: "Forgot your password?" and "Do not have access to your DHB Bank account?". In the top right corner of the page, there are links for "Contact" and "NL".

If your user ID + password combinations are correct digipass response entry screen opens. You need to have your digipass ready at this stage.

Digipass Response Entry

Digipass provides secure access to your accounts

Step 1
If you have more than one Digipass, please make sure that you are using the right one now by checking the serial number on the back side.

[Dropdown menu showing serial number]

Step 2
Please activate your Digipass using the triangle button ◀ on the bottom right, then enter your 4-digit PIN Code.

Step 3
Please enter this number to your Digipass:

Step 4
A new number will appear on your Digipass' screen!
Enter the number you see on your Digipass here:

[Input field for new number]

Step 5
Please click PROCEED.

Back Proceed

At this screen at step 1 the serial number of the digipass assigned to you is displayed.

In order to activate your digipass you need to press ◀ button on your digipass and then enter your digipass PIN.

Afterwards you enter the number displayed at step 3 to your digipass. Afterwards on your digipass new code will appear, and you need to enter this number at your screen to the field mentioned in step 4 and then click "Proceed" button. If your digipass response code is correct, you have successfully logged in to DHB Business Online net banking environment.

If your digipass response is not correct you are prompted a warning message as follows;

Digipass Response Entry

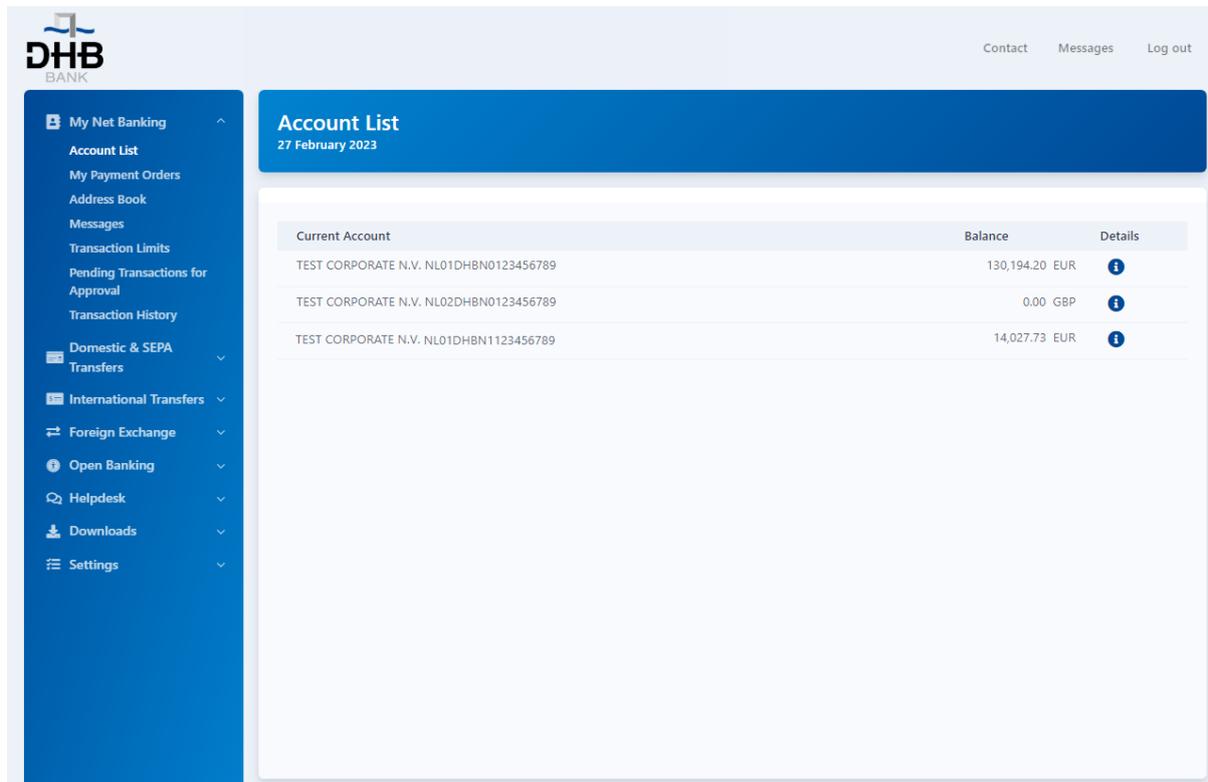

- Your Digipass response is not correct.

Digipass provides secure access to your accounts

Step 1
If you have more than one Digipass, please make sure that you are using the right one now by checking the serial number on the back side.

In that case you can re-try to login with correct digipass response code.

After you have successfully logged in to DHB Business Online, you will land on the page where your open accounts are displayed as follows;

Within this screen;

- Your open accounts are listed including payment accounts, loan accounts. If the related account [i](#) icon is pressed, you will be connected to the info details page of that chosen account.
- If you are a user;
 - with "Authorizer" profile and there are initiated by other users but not authorized yet transactions,
 - with "Single Authorizer" profile and there are initiated again by you but not authorized yet transactions,

on the top of page a warning can appear indicating "You have ... transaction(s) waiting for approval. Please click here to approve." If you click that link, or you click the sub menu "Pending Transactions for Approval" under "My Net Banking" the approval page will be opened. That page details are explained at following sections.

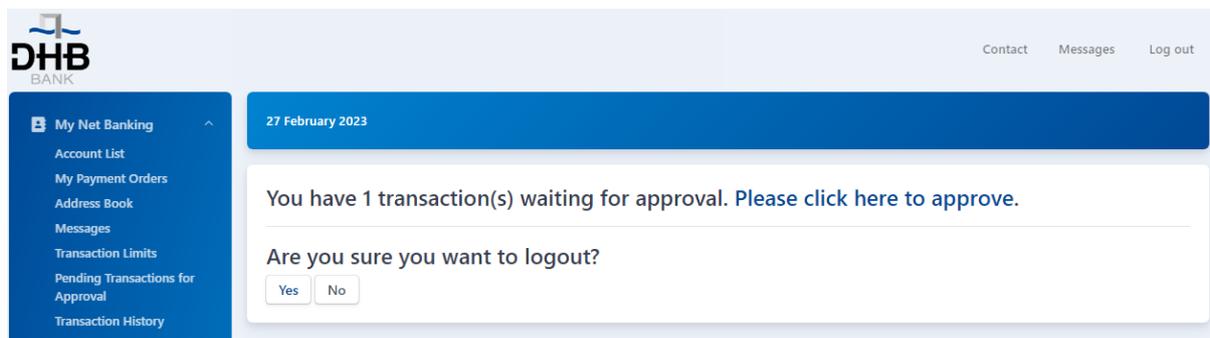

If you are a user with view, initiator profile or there are no waiting transactions to be authorized, the above mentioned warning will not be displayed.

Logout

If after login you don't make any activity for 10 minutes your session will be closed automatically.

After you have completed your transactions and would like to logout from DHB Business Online you can click the "Log out" link at top right of the screen.

Logout screen will be displayed as follows;

- A confirmation is requested whether you want to logout.
- Also if you are a user;
 - with "Authorizer" profile and there are initiated by other users but not authorized yet transactions,
 - with "Single Authorizer" profile and there are initiated again by you but not authorized yet transactions,

a warning is displayed indicating you have waiting transactions for approval.

If you want to continue logout you can press "Yes" or if you want to go back to DHB Business Online you can press "No".

MY NET BANKING

Under this main menu there are certain submenu items. Depending on user profile certain sub menu items might not be displayed.

Account List

This is the same screen where the user lands after first login. The explanation was provided at previous section.

My Payment Orders

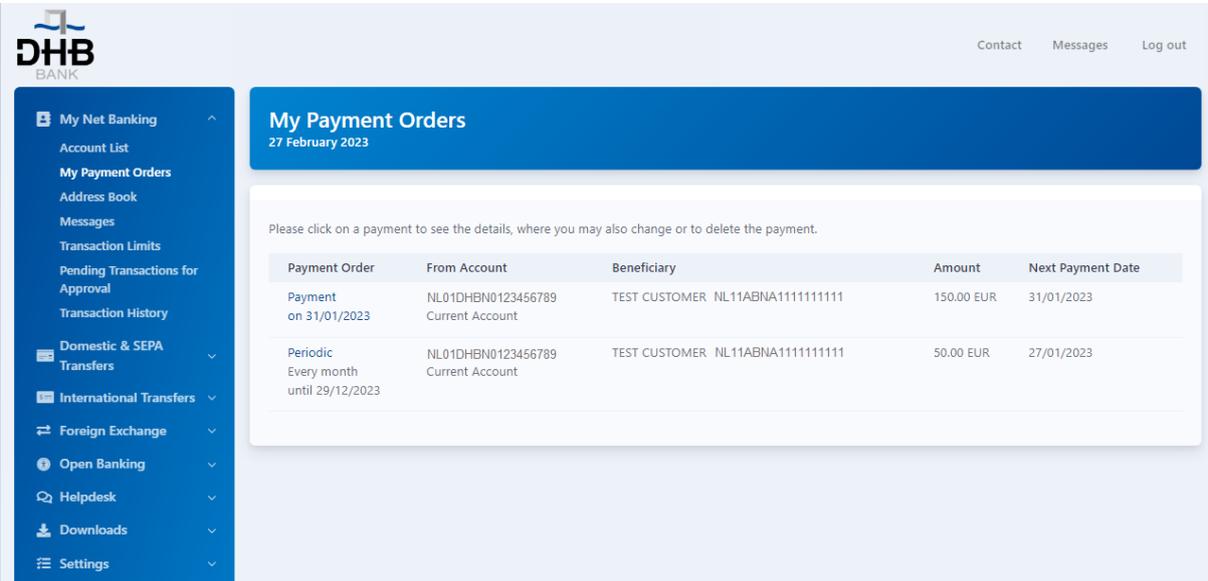

This sub menu will be available only if your profile is "initiator", "authorizer" or "single authorizer". If your profile is "view" this sub menu item will not be displayed.

Via the screen "Domestic and EU Transfers" a future value date one-time payment or a periodic payment can be entered. The details are explained below at their related section.

If there exists an active,

- future value date one-time payment or
- periodic payment

the details are listed at this sub screen.

The screenshot displays the 'My Payment Orders' interface for DHB BANK. The page title is 'My Payment Orders' with a subtitle '27 February 2023'. A message states: 'Please click on a payment to see the details, where you may also change or to delete the payment.' Below this is a table with the following data:

Payment Order	From Account	Beneficiary	Amount	Next Payment Date
Payment on 31/01/2023	NL01DHBN0123456789 Current Account	TEST CUSTOMER NL11ABNA1111111111	150.00 EUR	31/01/2023
Periodic Every month until 29/12/2023	NL01DHBN0123456789 Current Account	TEST CUSTOMER NL11ABNA1111111111	50.00 EUR	27/01/2023

Under column "Payment Order" the type of the transaction is displayed.

- In case of a periodic payment the clause "periodic" and also the period is displayed. If this periodic instruction is valid until a certain date, that date is also displayed.
- In case of a future payment, the clause "payment" is displayed together with the value date on which the payment will be executed.

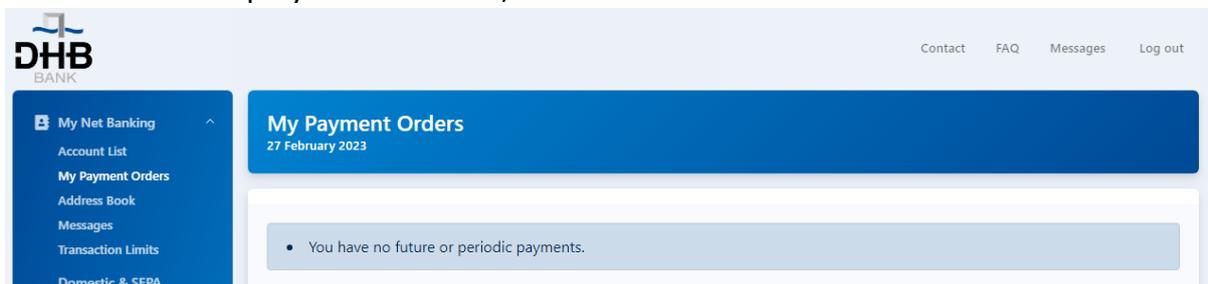

Under column "From Account" your account number which will be debited is displayed.

Under column "Beneficiary" the beneficiary customer name together with beneficiary IBAN is displayed.

Under column "Amount" the transaction amount together with currency code is displayed.

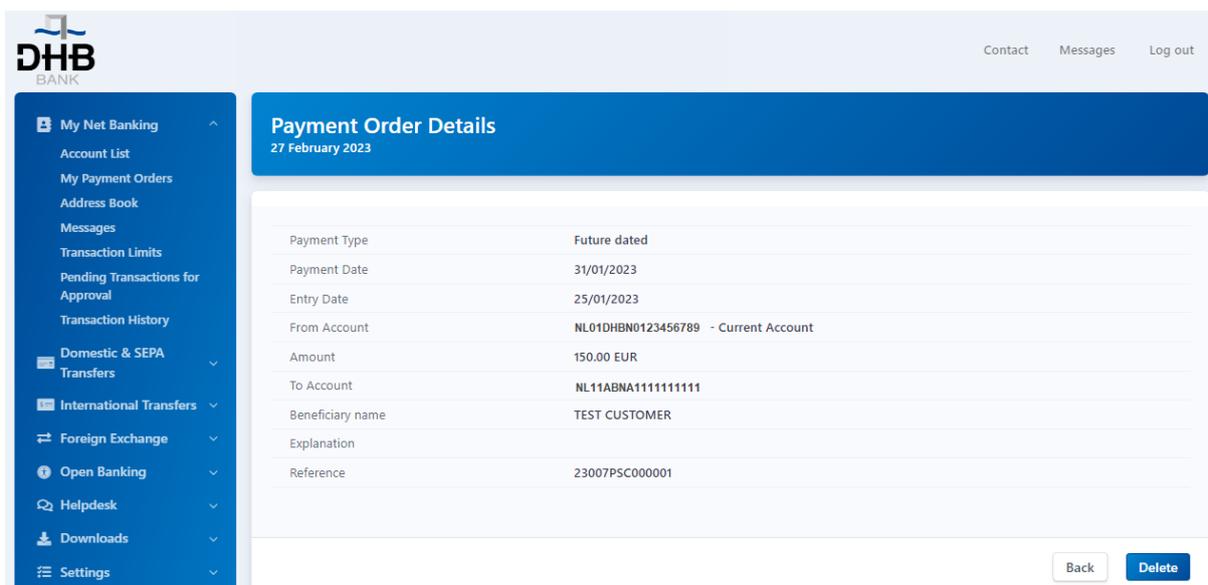

Under column "Next Payment Date" both for periodic payments and future value date payments the next payment date is displayed.

If you don't have any open future value date payment or periodic payment then the screen is displayed as follows;

Deletion of Periodic Domestic & SEPA payment orders

If you have an active periodic domestic & SEPA payment order or a future value domestic & SEPA payment, and want to delete it, you can click the transaction at this screen. The payment details will be opened.

If your profile is "initiator" you can't delete payment orders. In this case the "Delete" button on the screen will not be available.

If your profile is "authorizer" or "single authorizer" you have the right for deletion.

If you don't want to delete the transaction, you can just press "Back" button.

If you want to delete the transaction, you can press the "Delete" button.

IMPORTANT: When you press delete button, transaction will be deleted immediately. It doesn't require any authorization.

Address Book

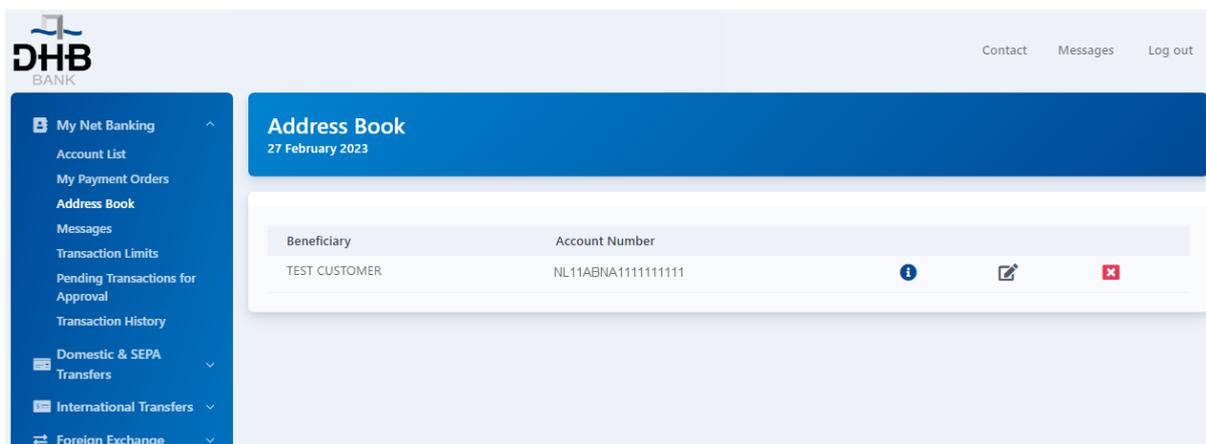

This sub menu item is available for all profiles.

During payments it is possible to add the beneficiary details to your address book. In the following payments if you choose your beneficiary from your address book, the beneficiary name details / account number details are displayed automatically.

Via this sub menu item;

- It is not possible to add new beneficiary details.
- It is possible to display the info of previous entered address book details.
- It is possible to modify the address book details
- It is possible to delete a specific item from your address book.

For info display, modify, delete purposes you can press related icon for that specific address book item.

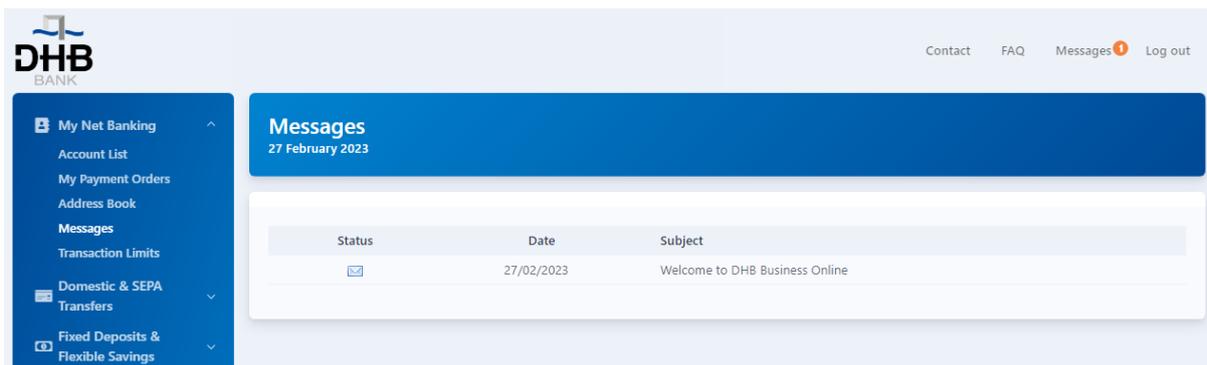

If you press red X icon, a new window is opened asking your confirmation for deletion. If you confirm, the item will be removed from your address book.

Messages

If from DHB Bank an inbox message is sent to you, you can see it by clicking the Messages button at the right top as shown below:

When you click the "Messages" button you will be redirected to Messages screen where your all messages are listed.

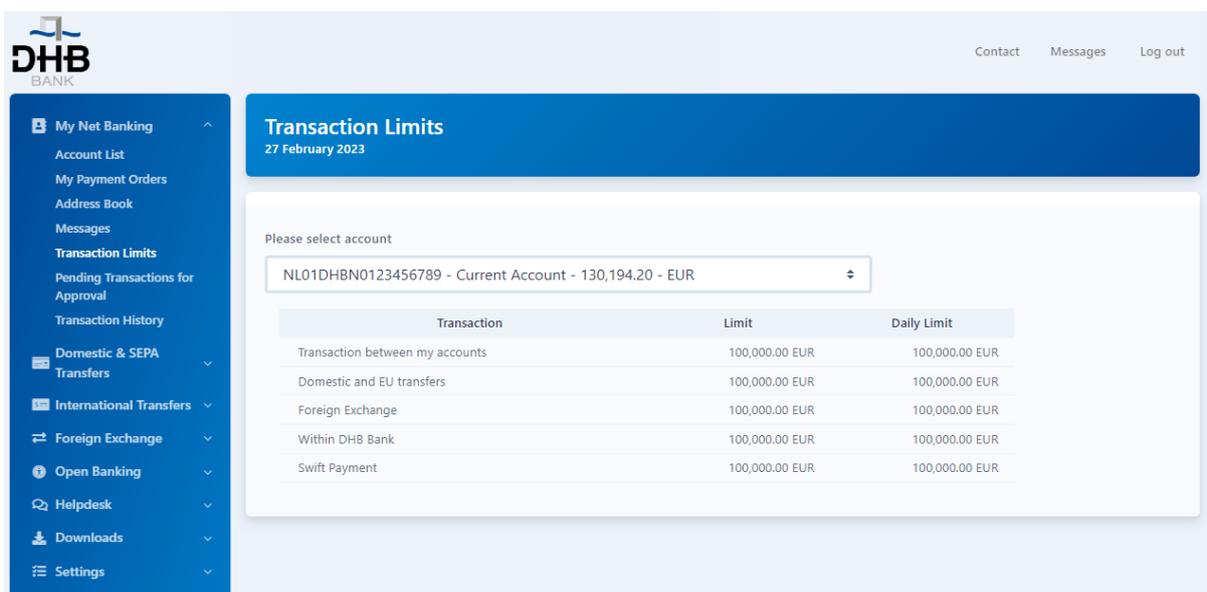

To read your message you can click the message.

Transaction Limits

This sub menu will be available only if your profile is "initiator", "authorizer" or "single authorizer". If your profile is "view" this sub menu item will not be displayed.

Via this screen for each of your company account that you have access, you can see your limits per transaction and per day.

If you have access to more than one account, to see your limits for each account, you can choose other accounts from list box at field "Please select account".

If the transaction limits need to be updated, the indicated authorization form can be downloaded. The filled and signed by your Company Legal Representative(s) form can be sent to your account manager at DHB Bank.

Pending Transactions for Approval

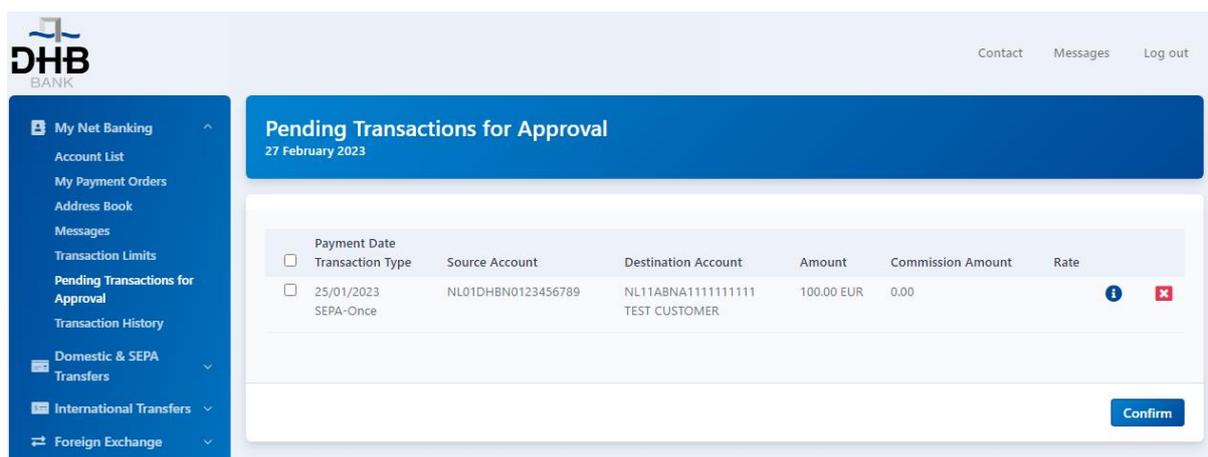

In this sub menu screen, data is displayed if you have "initiator", "authorizer" or "single authorizer" profile and there are waiting transactions to be authorized.

IMPORTANT: The initiated transactions need to be authorized within 2 banking days.

If there are no waiting transactions the following warning is displayed.

If you have pending transactions waiting approval / authorization, they are listed at this screen with summary details.

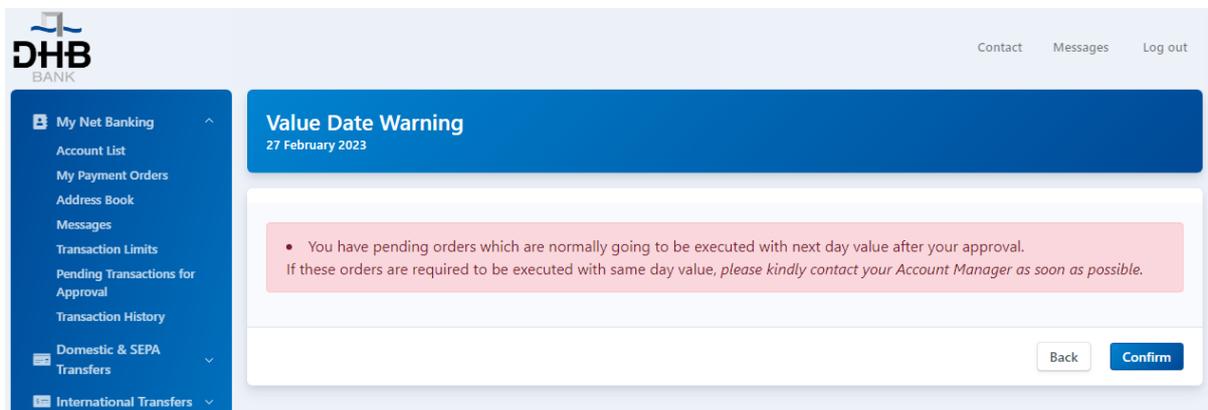

- If you want to see full details of entered transaction, you can click the  icon.

- If you want to delete a transaction, you can click the red X icon . The transaction will be deleted immediately.
- You can authorize / approve transactions;
 - Specific selected ones by clicking the related check box. In this case only the selected transactions will be authorized after confirmation.
 - You can select all transaction at once by clicking the check box next to the field "Payment Date". In this case all waiting transactions will be selected automatically.

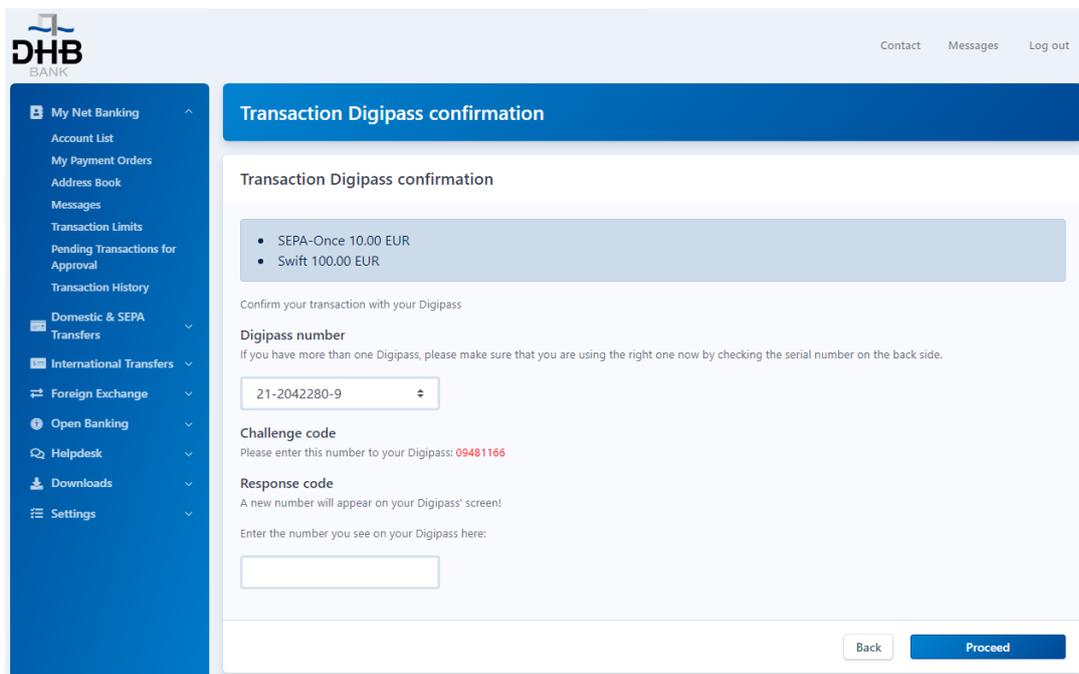

To authorize / approve selected transactions you can press "Confirm" button.

If your chosen transaction(s) contain payment(s) with next business value date, you receive the following warning indicating your payment(s) will be sent with next day value date.

If you want to confirm then you can press "Confirm" button.

Afterwards the following "Transaction Digipass confirmation" screen is opened.

At this screen, on top, your selected transaction type(s) and total amounts are displayed.

You need to activate your digipass. Then you can enter your 4 digit digipass pin code, and afterwards you need to enter the challenge code to your digipass. The digipass response code needs to be entered to "response code" field.

If your digipass response code is correct, transactions are authorized and status screen is opened.

DOMESTIC & SEPA TRANSFERS

This main menu item is available if you are not a user with a “view” profile. Under this main menu the following sub menu items are available.

Via the related pages, you can enter a SEPA payment, a payment within your accounts in the same currency, a payment to an account held with DHB Bank in the same country.

SEPA stands for Single European Payment Area. The European payment area is considered as domestic. Therefore there is no difference whether you initiate a transfer to an account within the Netherlands or to an account held in Germany, Bulgaria. The SEPA payments can be completed only in EUR currency.

Domestic and EU Transfers

Your payments in EUR currency within European payment area can be entered via this sub menu item.

In order to initiate this type of payment you need to have a payment account in EUR currency. When this sub menu item is clicked the related screen is opened.

Save, New Entry Proceed

- If you have more than one payment accounts in EUR currency that you have access to, they are displayed at the field "From Account". If payment should be initiated from another account you can select it using the list box facility. If your company has other EUR payment accounts but at the list you can't see them, then it means you don't have access right to those accounts.
- To field "Amount" the payment amount can be entered.
- If payment will be sent to any other European country, from the list box related country can be chosen. At the list box the countries within European payment area are listed. It is not the same as EU countries. For instance although "Switzerland" is not an EU country, still a SEPA payment can be send to this country.
- If the payment was sent previously to the same beneficiary and was added to the "address book", you can choose the beneficiary from the address book. In that case the beneficiary details will be displayed automatically at related fields.

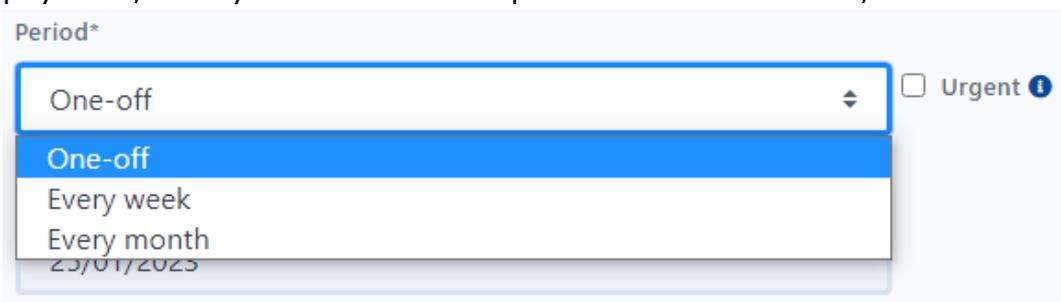

- To field "Beneficiary IBAN..." the beneficiary IBAN should be entered. The account number must be an IBAN. The format of IBAN is checked at transaction submitting stage. If the format is not correct you will receive a warning as follows and you need to check your entered IBAN.

Also your entered IBAN should be in accordance with the chosen country. If the IBAN doesn't belong to that country you will receive a warning as follows.

- The beneficiary full name must be entered.
- Acceptgiro is a special payment type used in the Netherlands. Only 16 digit reference can be entered as explanation to the reserved field. If acceptgiro codes are entered the explanation field disappears. If the payment is a normal payment you can enter any explanation to the provided explanation field.
- If you are sending payment to this beneficiary for the first time, and there is possibility you will repeat this transfer also in future, then you can add this beneficiary details by clicking the "Add to Address book" check box.
- If the payment is a one-time payment you must leave the option "One-off" for field "Period" as unchanged. However if this will be a periodic payment, then you can choose the period from the list box;

- If you send a one-time payment however to be sent urgently as swift payment, you can leave period option still as "One-off" and click "Urgent". If you authorize an urgent payment after 16:30 Rotterdam time or at the weekends, the payment will be sent with following business day value date.
- If you plan to send a one-time payment, however on a future date, then for field "option" the choice "One-off" should still stay, but you

can modify the "Payment Date" manually for the requested payment date.

- If your option is to define a periodic payment and choose the option "Every week" or "Every Month" for field "Period", then the following two fields appear on the screen, and you can enter start date and end date. The start date indicates the first date the periodic payment will be sent. The end date is not mandatory. If no end date is entered, the periodic payment continues unless you cancel it via "My Payment Orders" sub menu under "My Net Banking.

Period*
Every month

Start Date* 25/01/2023

End Date

- If you want to initiate further payments you can press "Save, New Entry" button. If there is no other payment to be initiated you can press "Proceed" button.
 - If you have pressed "Save, New Entry", your transaction is saved and will be waiting authorization and you will see the payment screen ready for following payment entries. On top of the screen you will also see a warning indicating that your transaction is routed approval queue.

Save, New Entry Proceed

- If you have pressed "Proceed" button, you will be linked to "Pending Transactions for Approval" screen.
 - If your profile is "Single Authorizer" you have the possibility to display details of entered payment, modify the payment, and delete the payment. The transactions initiated by you can only be authorized by you. No other person can delete / authorize your transactions. If they are not authorized within 2 days, they are deleted automatically.

Within My DHB Accounts

With this option, you can transfer money between your accounts in the same currency and held at DHB Bank at the same country. Via this option you can't transfer money from your EUR account to your USD account. In this case you need to use "Foreign Exchange" option. If your company has accounts both at DHB Netherlands, and DHB Germany, this option can't be used. This type of transactions must be entered via "Domestic and EU Transfers" option.

If you don't have more than one payment accounts in the same currency, you can't use this option.

When the screen is opened, your accounts are displayed as default. You can change your listed accounts at "From Account" and "To Account" fields. The account mentioned at "From Account" will be debited and the account mentioned at "To Account" will be credited.

The screenshot shows the 'Within My DHB Accounts' interface. At the top left is the DHB BANK logo. On the right, there are links for 'Contact', 'Messages', and 'Log out'. A blue sidebar on the left contains a menu with options like 'My Net Banking', 'Domestic & SEPA Transfers', 'Domestic and EU transfers', 'Within My DHB Accounts', 'Within DHB Bank', 'International Transfers', 'Foreign Exchange', 'Open Banking', 'Helpdesk', 'Downloads', and 'Settings'. The main content area has a blue header 'Within My DHB Accounts' with the date '28 February 2023'. Below this, a message says 'Please fill all fields marked with the *'. The form contains:

- 'From Account' dropdown: NL01DHBN0123456789 - Current Account - 99,184.20 - EUR
- 'To Account' dropdown: NL02DHBN0987654321 - Current Account - 9,000.20 - EUR
- 'Amount*' input: 0 00 EUR
- 'Explanation*' text input field
- 'Save, New Entry' and 'Proceed' buttons at the bottom right.

- Via this option, when transaction is initiated and then authorized, with same value date the "From Account" will be debited and "To Account" will be credited.
- Via this option it is not possible to define a periodic payment or future value payment. If you want to instruct a EUR future value payment or a EUR periodic payment within your accounts, you can use "Domestic and EU Transfers" option and as beneficiary IBAN you can use your account to be credited.

Within DHB Bank

This option is used to transfer money to a payment account in the same currency held in DHB Bank belonging to another customer. If you want to transfer a USD amount to another customer, that customer should have also a USD payment account at DHB Bank.

The screenshot shows the 'Within DHB Bank' transfer interface. At the top left is the DHB BANK logo. The top right has links for 'Contact', 'Messages', and 'Log out'. A blue header bar contains the title 'Within DHB Bank' and the date '28 February 2023'. A left-hand navigation menu lists various services like 'My Net Banking', 'Domestic & SEPA Transfers', and 'Payment File Upload'. The main form area contains the following elements:

- A note: "Please fill all fields marked with the """
- 'Account*' field: A dropdown menu showing "NL01DHBN0123456789 - Current Account - 99,184.20 - EUR".
- 'Amount*' field: Input boxes for "0" and "00" followed by "EUR".
- 'Address Book' field: A dropdown menu showing "Please select...".
- 'Beneficiary Account*' field: An empty text input box.
- 'Explanation*' field: An empty text input box.
- A checkbox labeled "Add to the Address Book With This Description" with an empty text input box below it.
- At the bottom right, two buttons: "Save, New Entry" and "Proceed".

Your account to be debited for the transfer is displayed at field "Account". If you want to make the transfer from another account, using the list-box you can choose your desired account. At this field your payment accounts can be used.

If you made a transfer previously to this beneficiary via this option and added to the address book, the details are listed at the address book. If you make the payment to this beneficiary for the first time and want to add to address book you can click the related check box.

To field "Beneficiary account" the customer DHB account must be entered. The account number can be entered both in domestic account format (in NL 10 digit) or also in IBAN format. You can't enter or display beneficiary name at this stage. Beneficiary name is displayed at "authorization" step.

If exists the details of payment can be entered to explanation field. If no other transaction will be defined, the button "Proceed" can be pressed, if other within DHB Bank transfers will be entered, then "Save, New Entry" button can be pressed.

INTERNATIONAL TRANSFERS

Under this main menu one sub menu item is available "International Payments (Swift)"

International Payments (Swift)

International swift payments can be entered via this option.

The screenshot shows the DHB Bank website interface for International Payments (Swift). The page title is "International Payment (Swift)" with a date of "28 February 2023". A navigation menu on the left includes "My Net Banking", "Domestic & SEPA Transfers", "International Transfers", "International Payment (Swift)", "Foreign Exchange", "Open Banking", "Helpdesk", "Downloads", and "Settings". The main content area contains a notice about transaction limits and a form with the following fields: "Account*" (dropdown menu showing "NL01DHBN0123456789 - Current Account - 99,184.20 - EUR"), "Amount*" (input fields for "0" and "00" followed by "EUR"), "Select From Address Book" (dropdown menu showing "Please select..."), "Beneficiary IBAN / Account No.*" (text input field), "BIC (Bank Identifier Code) of Beneficiary's Bank" (text input field), and "Bank name" (text input field). A "Bank Country" field is partially visible at the bottom.

- You can initiate payments in EUR / USD / TRY / GBP currencies. Also you must have a payment account in the payment currency. It is not possible to make a foreign exchange via this option. It means if you want to initiate a USD payment, you must have a USD payment account.
- Transactions within the below limits are sent with same day value date. For the currencies not mentioned and transactions exceeding the below limits, you can contact your Account Manager.
 - USD: 200.000, - 13:30 hours (CET)
 - EUR: 500.000, - 15:00 hours (CET)
 - TRY: 50.000, - 11:00 hours (CET)
 - GBP: 200.000, - 11:00 hours (CET)
- If you sent payment to a beneficiary previously and added the details to address book, and if this new payment goes to the same beneficiary, you can chose the beneficiary from the address book and beneficiary details are displayed automatically at related fields.

This close-up shows the "Beneficiary IBAN / Account No.*" field, the "BIC (Bank Identifier Code) of Beneficiary's Bank" field, the "Bank name" field, and the "Bank Country" field.

- If payment is sent to a country where IBAN is used, IBAN is mandatory. Beneficiary account can't be entered in normal format. You are warned to enter an IBAN as follows.

Beneficiary IBAN / Account No.*

Please fill in International Bank Account Number (IBAN) of the beneficiary customer.

BIC (Bank Identifier Code) of Beneficiary's Bank

- When IBAN is entered the beneficiary bank BIC is displayed automatically and you can't change it. By pressing "Bank Name" button you can display the name of the bank.

Beneficiary IBAN / Account No.*

BIC (Bank Identifier Code) of Beneficiary's Bank

TURKIYE GARANTI BANKASI A.S.

Bank Country

- If the beneficiary country is a country where IBAN is not used, then you can enter normal account number and you need to enter manually the BIC code (8 or 11 characters). If you want to check the bank name, you can press "Bank name" button. Then the bank name will be displayed.

The beneficiary is a company

Beneficiary First Name

Beneficiary Surname

Address: *(Optional)*

Beneficiary City

Country of the Beneficiary

Explanation

Add to the Address Book With This Description

Charges Will Be Paid By

- If the beneficiary is a company then you can click related field. In that case the "Beneficiary First name"/ "Beneficiary Surname" fields disappear and "Company Name" field is enabled. Beneficiary company name can be entered to that field. Otherwise if beneficiary is a person, the related name / surname data must be entered.
- Beneficiary address details are optional.
- Beneficiary city and country must be entered. The country can be chosen from the list box.
- The details of payment can be entered to explanation field.
- If the payment needs to be added to the address book you can click related check box.
- At international swift payments regarding charges there are three options; shared / orderer / beneficiary. As default shared comes. In this case sender bank (DHB) charges belong to you and beneficiary bank charges belong to beneficiary. If the option is "orderer", then the beneficiary bank advises their charges to DHB Bank and the same is debited to your account. In case the option is "beneficiary" still our bank (DHB) charges are deducted from your account.

- When the payment details are entered, depending on situation you can press "Proceed" button, or if there are other swift payments to be initiated you can press "Save, New Entry" button.

FOREIGN EXCHANGE

Under this main menu one sub menu item is available "Foreign Exchange"

Foreign Exchange

In order to use this option you must have at least two payment accounts in different currencies.

At foreign exchange transactions, your account at field "Sell (From Account)" is debited and your account at field "Buy (To Account)" is credited when your transaction is authorized.

To the right of amount field there is option "Buy" / "Sell".

Depending on your choice the indicated currency is also updated. In above example if you buy USD 100, then option would be Buy and amount will be 100 USD. However if your purpose is to sell EUR then you can enter option "Sell" and the currency will be updated as EUR and you indicate the amount to be sold in EUR.

At initiation stage you can't see the applied FX rate or the counter value amount. They are displayed at approval stage.

IMPORTANT: At foreign exchange transactions at the time transaction is going to be authorized the FX rate is displayed. If you keep the authorization process too long and in the meantime FX rates are updated, you are warned to re-check the new FX rates on top of the screen.

At authorization stage the display is as follows;

The screenshot shows the DHB BANK web interface. On the left is a navigation menu with options like 'My Net Banking', 'Account List', 'My Payment Orders', 'Address Book', 'Messages', 'Transaction Limits', 'Pending Transactions for Approval', 'Transaction History', 'Domestic & SEPA Transfers', 'International Transfers', 'Foreign Exchange', 'Open Banking', 'Helpdesk', 'Downloads', and 'Settings'. The main content area is titled 'Pending Transactions for Approval' with a date of '28 February 2023'. It contains a table with the following data:

Payment Date	Transaction Type	Source Account	Destination Account	Amount	Commission Amount	Rate		
25/01/2023	FX - Buy	NL01DHBN0123456789	NL01DHBN0123456789	100.00 USD		0.9363		

A 'Confirm' button is located at the bottom right of the table.

At this stage the FX rate is displayed. However in order to see the counter value you need to press icon to see the full details;

The screenshot shows the 'Foreign Exchange' details page for '28 February 2023'. It contains a table with the following data:

Details	
Sell (From Account)	NL01DHBN0123456789
Buy (To Account)	0123456789 - Current Account - 13,457.92 - USD
Sold Amount	93.63 EUR
Bought Amount	100.00 USD
Rate	1 USD = 0.93627811 EUR
Explanation	

A 'Back' button is located at the bottom left of the page.

At this stage you can see full details of sold amount / bought amount and rate.

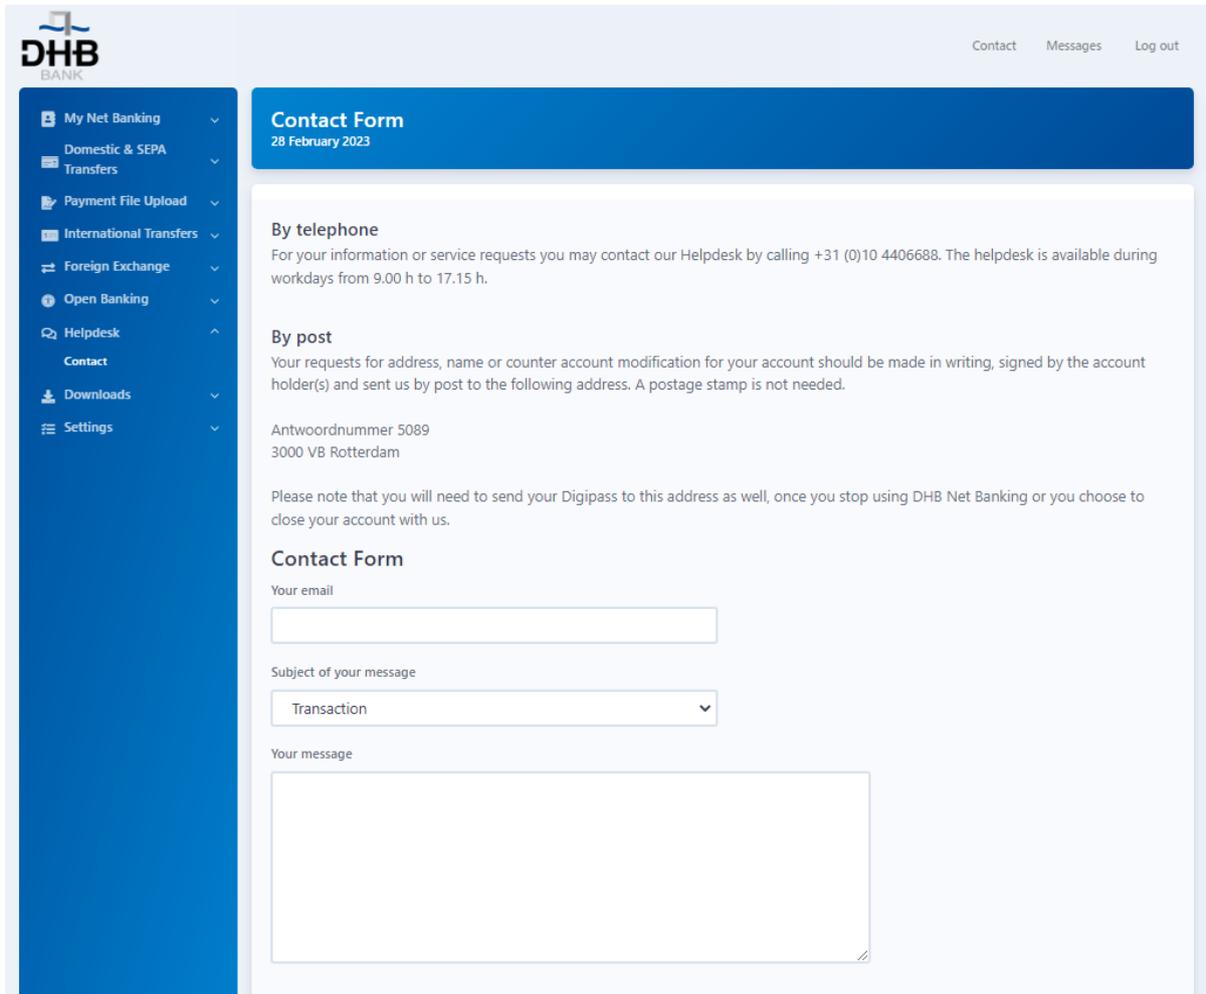

With back button you can return to authorization page. If details are OK, (if you have authorization right) you can authorize the transaction. If details are not OK you can delete the transaction.

HELPDESK

Under this main menu item the "Contact" page menu exists.

Contact

If you have a trouble while using your Business Online, Digipass, Your Accounts, or you have any other questions with our other products you can use this page to send your request via e-mail.

The screenshot shows the DHB Bank website's contact form. The page has a blue header with the DHB BANK logo on the left and 'Contact Messages Log out' on the right. A dark blue sidebar on the left contains a menu with items like 'My Net Banking', 'Domestic & SEPA Transfers', 'Payment File Upload', 'International Transfers', 'Foreign Exchange', 'Open Banking', 'Helpdesk', 'Contact', 'Downloads', and 'Settings'. The main content area is titled 'Contact Form' with a date of '28 February 2023'. It provides contact information for telephone and post, and includes a form with fields for 'Your email', 'Subject of your message' (with a dropdown menu set to 'Transaction'), and 'Your message' (a large text area).

FAQ AND TROUBLESHOOTING

When you have a problem while using DHB Business Online, you can refer this manual. Below certain most common warnings are listed. If your problem continues you can contact always your account manager at DHB bank.

Q) I received a "user name" from DHB Bank. I would like to change my user name.

R) At DHB Business Online, you can't change your User Name.

Q) I am sure I enter my user name correct. However I receive a warning as;

- The username or password is incorrect

R) When you receive this warning, you need to re-check your typed "user name" as well as your "password". If one of them is not correct you will receive above warning.

Q) I receive the following warning during login with my digipass;

- Your Digipass response is not correct.

R) You need to enter the challenge code to your digipass and try to enter the response code to log screen again. Also make sure you are using the correct digipass, your digipass serial code must be the same displayed on the screen.

Q) At "Pending Transactions for Approval" page I see transactions for approval. However I can't select them to approve. The select check box fields are disabled.

Payment Date	Transaction Type	Source Account	Destination Account	Amount	Commission Amount	Rate
<input type="checkbox"/>	25/01/2023	NL01DHBN0123456789	NL11ABNA1111111111 TEST CUSTOMER	15.00 EUR	0.00	
<input type="checkbox"/>	SEPA-Once Urgent					

R) Either your profile is "Initiator" therefore you do not have approval right but just cancel right of your entered transactions, or you have "Authorizer" profile but those transactions were already initiated by you and therefore need to be approved by other users. Unless your profile is "Single Authorizer" you can't authorize your own initiated transactions.

Q) I try to enter a payment transaction. Our account balance is sufficient. However I receive a warning as "Your limit for this transaction is XXXX EUR".

R) For transactions there are certain limits for each transaction and also limits for daily amount. Your company account might be available. However you are still limited to initiate / authorize transactions with the limits requested by your company. In the above warning your limit amount is also displayed in place of XXXX. If those limits should be modified, your company authorized representative can fill in the authorization form and contact your account manager at DHB Bank.

Q) There are initiated transactions waiting approval. However I can't see them now.

R) There could be the following reasons;

- * The transactions have already been approved by you or other users with authorize profile.
- * The transactions have been cancelled by the initiator.
- * The transactions were created more than 2 business days before. In that case they are cancelled automatically because they were not authorized within 2 business days allowed time limit.

In all cases you can search your company transactions via "My Net Banking / Transaction History"

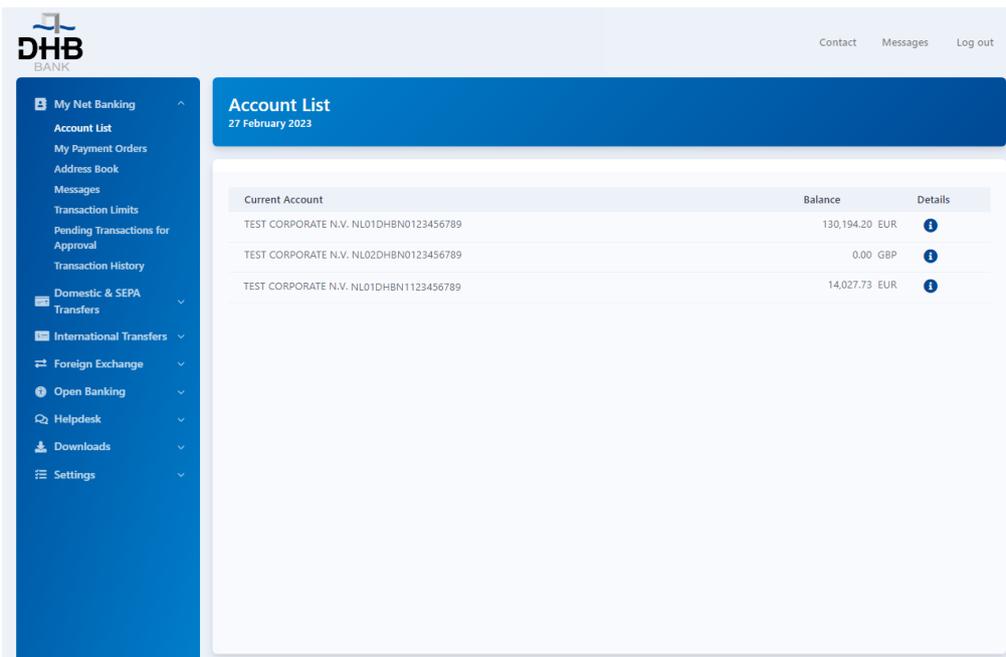

Q) We completed a payment transaction. However I forgot to receive the "receipt" print. What can I do?

R) You can always receive a receipt print / download it via "My Net Banking / Transaction History".

Q) I want to search debits / credits to my company account. Is it also possible to download them as pdf or in other formats?

R) Under My Net Banking / Accounts your open accounts are listed. At column

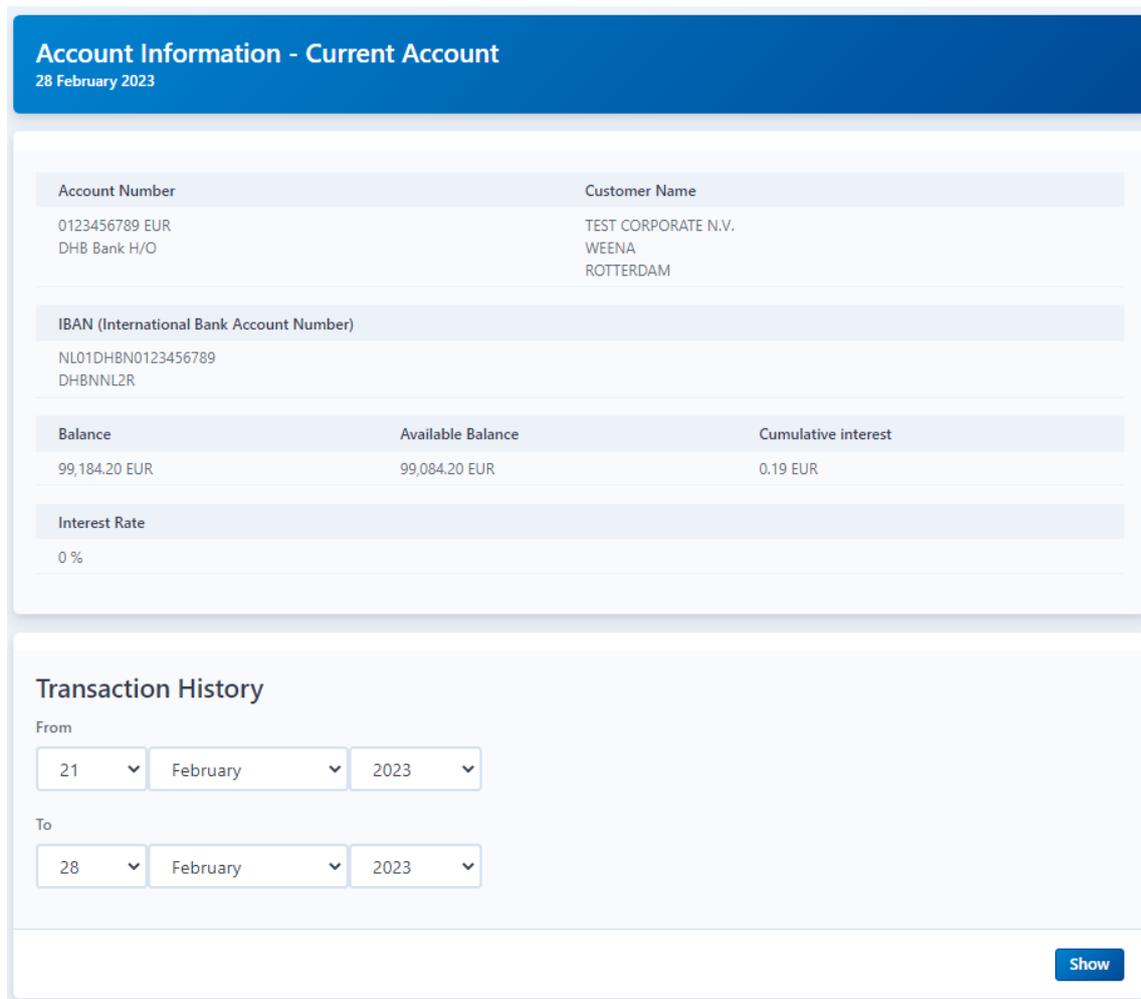

“Details” there is an  icon.

The screenshot shows the DHB Bank 'Account List' page as of 27 February 2023. A left-hand navigation menu includes options like 'My Net Banking', 'Account List', 'My Payment Orders', 'Address Book', 'Messages', 'Transaction Limits', 'Pending Transactions for Approval', 'Transaction History', 'Domestic & SEPA Transfers', 'International Transfers', 'Foreign Exchange', 'Open Banking', 'Helpdesk', 'Downloads', and 'Settings'. The main content area displays a table of current accounts with columns for 'Current Account', 'Balance', and 'Details'. Each row includes an account number and a balance, with an information icon in the 'Details' column.

Current Account	Balance	Details
TEST CORPORATE N.V. NL01DHBN0123456789	130,194.20 EUR	
TEST CORPORATE N.V. NL02DHBN0123456789	0.00 GBP	
TEST CORPORATE N.V. NL01DHBN1123456789	14,027.73 EUR	

If you press that icon you are linked to that account info details.

The screenshot shows the 'Account Information - Current Account' page as of 28 February 2023. It provides detailed information for a specific account, including the account number, customer name, IBAN, balance, available balance, cumulative interest, and interest rate. Below this, there is a 'Transaction History' section with date range filters (From: 21 February 2023, To: 28 February 2023) and a 'Show' button.

Account Number	Customer Name
0123456789 EUR DHB Bank H/O	TEST CORPORATE N.V. WEENA ROTTERDAM
